Issues Before the Water Board in this Proceeding

1. Are persons who own or occupy each property (*i.e.*, the persons named in each proposed Cease and Desist Order) discharging or threatening to discharge waste in violation of the Los Osos/Baywood Park prohibition in the Basin Plan?
2. Are the requirements of the proposed Cease and Desist orders the appropriate remedy for violations of the prohibition? Specific circumstances of each discharge are relevant only to the remedy the board may adopt if the board finds that violations are taking place or are threatening to take place.

PLEASE NOTE

The validity of the discharge prohibition applicable to persons discharging to individual or community disposal systems within the Los Osos/Baywood Park prohibition zone is not an issue that is before the Regional Water Board in these proceedings; nor is it susceptible to collateral challenge through these proceedings, or in any petition for review of these proceedings. The Chair will not permit any party to present evidence or argument that challenges the validity of the Los Osos/Baywood Park prohibition.

The Water Board does not have to find that discharges from subsurface disposal systems within the prohibition zone are causing or contributing to conditions of pollution or nuisance in order to issue Cease and Desist Orders for discharges of waste that violate the prohibition.

Parties named in individual Cease and Desist Orders are expected to attend the hearing and summarize their written testimony as described above. If a party does not attend the hearing, the hearing will proceed *in absentia* and the Water Board will rely on written testimony from the absentee party. If any party encounters actual circumstances that prevent the party from attending the scheduled hearing, it is the party's responsibility to contact the Water Board as soon as possible to seek a continuance and provide substantial justification of prejudice to the party as a result of the party's absence from the hearing. If a party is unable to attend and requests a continuance, the Water Board will consider the request before proceeding with the hearing regarding whether or not to adopt the proposed Cease and Desist Order for the absent party. There is no guarantee that the Water Board will grant a continuance. If a party does not attend the hearing, and does not receive a continuance, the party will be in default and will be deemed to have waived the right to testify orally at the hearing.
